

Made in USA

Anti-Graffiti Clear

Technical Specifications

Anti-Graffiti film protects glass and other surfaces from spray can graffiti and tagging. It's tough scratch resistant surface coating helps to prevent ugly and costly scratches in glass and other surfaces. The film provides 99% UV protection to reduce fading and sun damage to your furnishings, possessions and stock. Furthermore, the Anti-Graffiti film will make it harder for smash-and-grab criminals to be successful

Visible Light Transmission	87%
Visible Light Reflectance	Low
Ultraviolet Light Transmission	<1%
Total Solar Energy Rejected	19%

* Solar Specifications testing performed on film mounted to 3mm clear glass. Test, equipment and methods according to ASTM, ANSI and NFRC standards. Calculations performed using Lawrence Berkeley Lab's "Windows 5.2" program. Values expressed hereof are typical and for comparative purpose only. Performance data will vary with processing conditions.
